CHRYSANTHEMUM
and
CARNATION
CUTTINGS
for 1942

ALEC HENDERSON, INC.
1303-05 West Randolph Street
CHICAGO, ILL.

Chrysanthemum Cuttings

Our list of Mum and Pompon Cuttings is probably the most complete that is published. It includes all the latest varieties, also all the well known standard kinds that are in demand. Cuttings are shipped by the largest propagator in the country, where every care is exercised to deliver only first class, well rooted, clean and healthy cuttings. Many growers are realizing that it is cheaper in the long run to buy their cuttings than propagate their own. Orders placed in advance can be delivered exactly when wanted, and planted right in the bench, insuring rapid, healthy growth without any check.

We sell 250 of a variety at the 1000 rate, smaller quantities taking the 100 rate. If order totals 1000 in all regardless of the number of varieties selected, we will bill at the 1000 rate, provided not less than 25 of a kind is ordered.

NOTE CAREFULLY. Cuttings are put up in bundles of 25, any change means additional expense and the following schedule shows price per cutting which will prevail where less than 25 of a variety is ordered. Orders for less than 5 of a variety are not solicited.

Where Price Per 100 Is	Price Per Cutting Will Be	Where Price Per 100 Is	Price Per Cutting Will Be
\$3.25	5 cents	\$7.00	12½ cents
4.00	5 cents	8.00	15 cents
6.00	10 cents	12.00	20 cents
		15.00	25 cents

Carnation Cuttings

In order to be prepared to meet present day conditions, the Carnation grower must grow those varieties, which because of their vigor, productiveness, quality, and appeal, will lower growing costs and give a better return per square foot. The standard varieties listed in this book will help solve your problem in selecting kinds to grow, as they have been thoroughly tested by hundred of growers and have proven to be leaders in their color class. Every variety may not do well with any one grower, but each variety has been grown successfully by enough growers to justify our recommending it to you.

Orders are filled by firms who specialize in the cuttings business, delivering clean, vigorous, well rooted cuttings.

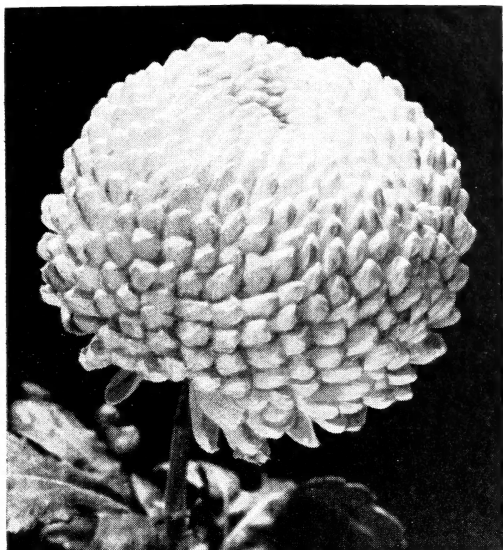

NOTE CAREFULLY. Small orders are welcome but not for less than 25 of a kind. We sell 250 of a variety at the 1000 rate and 50 or more at the 100 rate.

COMPLAINTS on shipments of both mum and carnation cuttings must be made on receipt of shipment. If it is evident that the express company is at fault, notify agent at once and ask for a report on condition of shipment, which can be used in filing claim. Should the complaint be on account of quality of the cuttings (which seldom happens) we will take same up at once with the shipper and get a prompt adjustment.

NOVELTY MUMS—DE PETRIS INTRODUCTIONS

PENROD

Medium-sized Pernet yellow. Very fine incurved form similar to the old variety Bonnaffon. Possesses good substance giving the variety good keeping as well as good shipping qualities. A free and easy grower with good stem and foliage. Will produce three blooms per plant with remarkable uniformity. A very attractive looking variety that should be useful to growers desiring moderate size together with excellent form and good substance. Matures Nov. 10th but can be easily held for a week later.

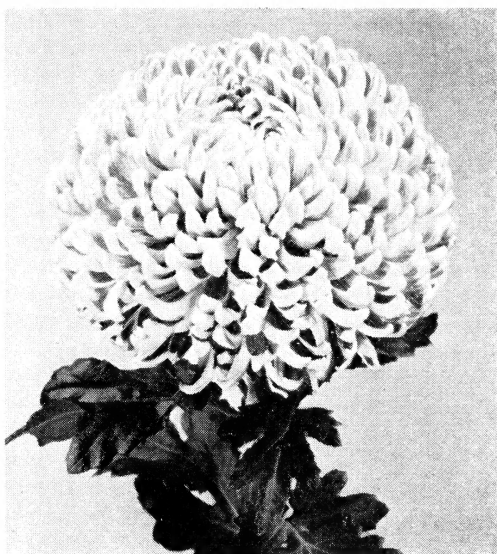

Price for Rooted Cuttings:
\$2.50 per 10, \$15 per 100
\$125 per 1000

CAMBRIA

A free growing commercial variety of average size. Form very closely incurved. Color intense, golden bronze with a metallic sheen. Strong wiry stem and small foliage which seems to fill out and stiffen as the flowers mature. It is very easy to grow and quite resistant to disease. Produces two blooms to the plant very uniformly. Blooms possess excellent substance and ship extremely well. An excellent and profitable variety for both wholesale and retail grower. Matures Oct. 25th.

Price for Rooted Cuttings:
\$2.50 per 10, \$15 per 100
\$125 per 1000

NOVELTY POMPONS—DE PETRIS INTRODUCTIONS

EUROPA

An intense cardinal red single of outstanding brilliance and exceptional substance. It may be grown either as a single disbud or as a disbudded spray. The color improves any existing red single.

A very brilliant red on the inside of the petal and a gold on the reverse. Europa might be said to mark an epoch in red singles. Its growth habit is medium in vegetativeness. It is fairly easy to grow. The spray formation is stiff and rigid. It must be carefully spaced, carefully pruned and accurately disbudded. We believe it will well repay any man who will give it this kind of cultural treatment. Matures Nov. 5th.

Price for Rooted Cuttings:
\$2.50 per 10, \$15 per 100
\$125 per 1000

ORANGE BELLE

Small flowered pompon with good form and substance. Color reddish orange rust. Very free growing habit with small but very persistent foliage. Good spray formation on wiry stems which attain a good length. This variety is outstanding in growth and the attractiveness of its clean stems and foliage. We believe this will prove a profitable variety for the grower. Matures in late November and early December.

Price for Rooted Cuttings:
\$2.50 per 10, \$15 per 100, \$125 per 1000

NOVELTY POMPONS—YODER INTRODUCTIONS

CAMEO

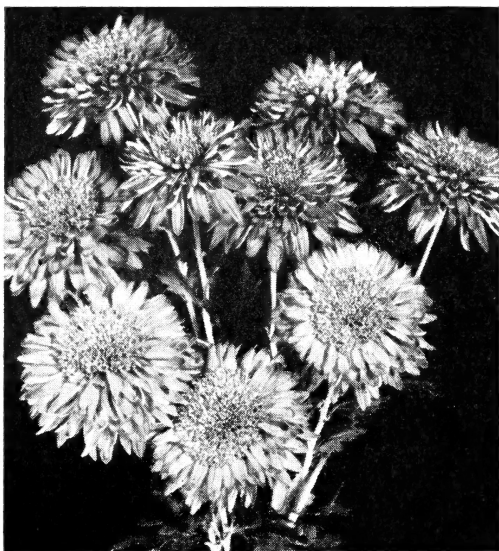

An ivory pompon of unusual size and substance that blooms the same time as Yuletide, Cordova and Silver Star. A strong persistent grower possessing a rigid and well spread spray. The growth habit is superior to any worth while variety in its color class and blooming season. The flower is large and of an attractive form. It should be the answer to the grower who demands a white or cream pompon for early December that will provide him with quality, production and reliability. Matures December 5.

Price for Rooted Cuttings:
\$2.50 per 10, \$15 per 100
\$125 per 1000

MATADOR

A rich red anemone of large size and after the style of Crimson Glow. It improves that variety in every respect. The growth habit somewhat resembles that of Valencia except that it is not so vegetative. The stems are stiff and straight with the flower held rigidly and erect. The form is excellent, color is very bright and vivid. For disbudded sprays plant 7 x 8; pinch July 25th; grow 2 stems; 3 flowers per stem. As a single disbudded, plant 7 x 8, last pinch August 5th; grow 3 stems. Matures December 5th.

Price for Rooted Cuttings:
\$2.50 per 10, \$15 per 100
\$125 per 1000

NOVELTY POMPONS—YODER INTRODUCTIONS

SONATA

A very brilliant orange bronze single. The flower has a star-like appearance that enhances the beauty of any design, basket or bowl into which it is placed. The color is brilliant to the last; its keeping qualities are unusually good. Its growth habit is decidedly vegetative. It is a very easy doer, a heavy producer and it is very popular with the retail trade. Plant early on raised benches; last pinch August 1st. Matures December 5th.

Price for Rooted Cuttings:
\$2.50 per 10, \$15 per 100
\$125 per 1000

ROSALIND

A pink single that might be described as a Pink Yukon. The color is a clean medium pink. The growth habit is excellent; a very free grower; medium sized stem and foliage; no tendency to blindness; it flowers at a time of the year when pink is scarce. It appears to do almost equally well under either ground bed or raised bench environment. Matures December 20th.

Price for Rooted Cuttings:
\$2.50 per 10, \$15 per 100
\$125 per 1000

NOVELTY POMPONS—YODER INTRODUCTIONS

AMBERLITE

A bright orange bronze single of excellent substance and easy culture. It is a good producer and a strong persistent grower that is not exacting in its cultural requirements. Does not require disbudding; best in natural sprays. Do not overcrowd; plant 7 x 8; grow 2 stems. Matures November 25th.

Price for Rooted Cuttings:

\$2.50 per 10, \$15 per 100

\$125 per 1000

YELLOW SNOW

A bright Pernet yellow sport from Snow. The form and growth habit are identical with the original. Because of its season, December 30th, heavy production and excellent color this variety will prove to be one of the most valuable additions to the late pompoms.

Price for Rooted Cuttings: \$2.50 per 10, \$15 per 100, \$125 per 1000

BRONZE PROSPERITY

A deep orange bronze sport from Prosperity. The color is excellent. Growth is identical with that of Prosperity. Best grown on raised benches, or if in ground beds, plant early. Last pinch July 20th. Matures December 10th.

Price for Rooted Cuttings: \$2.50 per 10, \$15 per 100, \$125 per 1000

RED BRISTOLITE

A good red sport from Bristolite. Red Bristolite is better as a red than Bristolite is as a bronze. The size, form and substance are excellent. Growth is sparse but persistent. It must be planted close to secure production. Use soft cuttings, clean rich soil; preferably ground beds. Pinch once about July 25th. Plant 5 x 8; grow 2 stems. Matures November 25th.

Price for Rooted Cuttings: \$2.50 per 10, \$15 per 100, \$125 per 1000

Carnations for 1942

New and Recent Introductions

Introduction of new varieties of Carnations is necessary even if they are not always a great improvement on the variety they are meant to replace. The reason is simply that vegetative reproduction is necessary as Carnations will not come true from seed. After propagating by cuttings for a number of years a variety deteriorates. Some last longer than others, but sooner or later they must be replaced, therefore, new varieties must be introduced year after year if we are to maintain the present standard.

BEUERLEIN'S CRIMSON. A new and outstanding crimson variety. The color and form are the same as Woburn, but the flowers are not quite as large. The variety is much earlier and freer than Woburn. The quality of the flowers is high, the calyx never splits, the stems are long, and the keeping quality is excellent. The plants are free and vigorous, and the variety is very prolific. This is perhaps the most profitable carnation in this color class.

\$3.75 for 25 **\$12.00** per 100 **\$100.00** per 1,000

CHARM (Patented). A new salmon pink variety with a flower nearly as large as Laddie and with a little darker color. It grows tall and has a very stiff stem. The plants grow well either in the field or planted indoors. This is the variety for those who desire the highest quality.

\$6.00 for 25 **\$20.00** per 100 **\$150.00** per 1,000

DARK PINK MAYTIME. A deep pink sport of Maytime and has the same characteristics as the parent plant. The flower has the same form and substance but is a little larger than Maytime. Production is much higher than is that of the average variety. Plants grow tall and erect, allowing close planting. It is a very rapid growing variety. The keeping quality of the flowers is outstanding. The first flowers are medium pink, similar to Pink Treasure, but darken rapidly so that within two or three weeks they are the color of Boston Ward, and they remain that color.

\$2.50 for 25 **\$8.50** per 100 **\$75.00** per 1,000

HERMOSA. A large and beautifully formed light pink seedling. The color is richer and slightly deeper than that of Virginia. The plants are vigorous and free, stems are long and the calyx is firm. Production is good, and the flowers keep perfectly.

\$2.50 for 25 **\$8.50** per 100 **\$75.00** per 1,000

POLLYANNA (Patented). Will meet the demand for a salmon flesh color which will compare favorably in quality with the leading commercials and yield sufficiently to be profitable to grow. Being a seedling from Light Pink Abundance crossed with a seedling variety insures its productiveness, the growth being somewhat sturdier and slightly shorter in stem. The bloom is good sized and symmetrical and keeps exceptionally well. The calyx does not split. The color is a good Laddie shade of salmon flesh which holds its freshness late into summer.

\$4.50 for 25 **\$15.00** per 100 **\$125.00** per 1,000

SEA SHELL. A large, well-formed, full-petaled seedling having a lovely and delicate shell pink color. Plants of this variety are especially fine, being large and bushy, vigorous and absolutely clean. Stems are long and stiff, but not brittle. The calyx does not split at any time. Production is good, and the flowers keep and ship well. It is an easy variety to propagate and grow. The color is lighter and softer than that of Virginia or Maytime.

\$2.70 for 25 **\$9.00** per 100 **\$80.00** per 1,000

STAR DUST (Patented). Pure white flower of corsage type, 3½ inches in size and remains large in warm weather. Stem is strong, carrying flower erect and growing habits are good, plant being free from disease.

\$6.25 for 25 **\$20.00** per 100 **\$150.00** per 1,000

WHITE PETER FISHER. A pure white sport of Peter Fisher. The bloom resembles an improved Ivory, but the stem and foliage are much heavier. It is a clean, vigorous variety, easy to grow and entirely satisfactory.

\$2.50 for 25 **\$8.50** per 100 **\$75.00** per 1,000

Novelty Carnations

BARBARA BRIGHAM. A sport of Golden Wonder having flowers which are a beautiful light apricot with pink pencilings. The form, size and habits of growth are the same as those of Golden Wonder. It is a good producer and a good keeper.

\$1.80 for 25 **\$6.00** per 100 **\$50.00** per 1,000

CHIEF KOKOMO (Patented). The pink markings on the yellow background awakened both the florists and the public to the novel colors and combinations that carnations possess. The flowers are larger than average and the stems are stiff.

\$3.75 for 25 **\$12.00** per 100 **\$100.00** per 1,000

GOLDEN WONDER. One of the best of the Yellow variegated varieties. The color is sulphur yellow with pink pencilings. The blooms are large and full with fringed petals. Production is better than average, and the keeping quality is fine. Splitting is slight.

\$1.80 for 25 **\$6.00** per 100 **\$50.00** per 1,000

IMPROVED DELICACY. A sport of Delicacy, having the same characteristics as the parent except that the pencilings on the white petals are a much darker red than was the case with Delicacy. The flower is compact and beautifully formed. Stems are of medium length.

\$2.25 for 25 **\$7.00** per 100 **\$60.00** per 1,000

LENORA. A white variegated with pink pencil markings. The flowers are average size and the variety is a good producer. The retail grower will find it very valuable.

\$1.50 for 25 **\$5.00** per 100 **\$45.00** per 1,000

LOCHINVAR. A pelargonium type flower on a plant that produces better than the carnation "Pelargonium." The petals are white and are overlaid with maroon giving the appearance of a Pelargonium. The flowers are of average size. This is one of the most attractive novelties.

\$3.00 per dozen **\$15.00** per 100

OPAL (Patented). For exquisite corsages and designs Opal is just the thing. The red-dish-purple markings on the edges of the white petals give a very dainty effect. The flowers are average size and the variety produces well.

\$3.75 for 25 **\$12.00** per 100 **\$100.00** per 1,000

PELARGONIUM. Most charming and most profitable of the English varieties and one of the loveliest novelties being offered today. The color is a white ground, overlaid on each petal with crimson maroon, creating a replica of the old pelargonium. The bloom is large and of good substance. The plants are tall, the stem is good, and the calyx does not split. Not a heavy producer, but the flowers will always command premium prices on any market.

\$3.00 for 25 **\$10.00** per 100 **\$90.00** per 1,000

PHARAOH. This is one of the most beautiful novelty carnations of all time, and is the only carnation we know of possessing this unusual color. The petals are a delicate shade of orange with a slightly pink tinting. The tips of each petal are fringed with red. There are no pencilings. The blooms are very large and full, and in spite of the size of the flower, the percentage of splits is a fraction of one per cent. The plants are very large and bushy with broad foliage and fine stiff stems. The flowers are splendid keepers.

\$2.25 for 25 **\$7.00** per 100 **\$60.00** per 1,000

POTENTATE. A deep crimson-purple variety that is very widely grown. The flowers are large and are borne on stiff stems. It is a very good keeper.

\$1.80 for 25 **\$6.00** per 100 **\$50.00** per 1,000

ROYAL PURPLE (Patented). Rich maroon-purple colored variety with perfectly shaped flowers. The stem is strong and is especially good for corsages and designing.

\$3.75 for 25 **\$12.00** per 100 **\$100.00** per 1,000

White Carnations

JOAN MARIE (Patented). A fine commercial white very much in favor in many sections of the country. It is a good producer of high quality blooms. It has fine stems and large, bushy plants.

\$2.25 for 25 **\$7.00** per 100 **\$60.00** per 1,000

OLIVETTE. Flowers are of medium size, beautifully formed with high, full centers. The long, broad calyx has six prongs and almost never splits. Production is heavy, stems are of medium length, the flowers are excellent keepers, and the color is pure white at all times.

\$2.50 for 25 **\$8.50** per 100 **\$75.00** per 1,000

PATRICIAN. The fine, large flowers are produced in quantity, and they keep and ship well. The blooms are especially fine in the Spring. Plants are large and bushy. Stems are long and heavy. Some splitting occurs, but this is not serious. A slight flaking appears during the winter, but this enhances rather than detracts from the attractiveness of the bloom.

\$1.50 for 25 **\$5.00** per 100 **\$45.00** per 1,000

PURITAN. Production is heavy and uniform, the flowers are of good size and keep perfectly, the plants are large and bushy, free of disease and easy to grow. Splitting is very rare. The color is always pure white.

\$1.50 for 25 **\$5.00** per 100 **\$45.00** per 1,000

SNOW WHITE. Large, pure white seedling, measuring up to four inches and more in diameter. The fragrant flowers are symmetrical in form, and have high, full centers. It is a good producer. Plants are very large and bushy; stems are of medium length. Some splitting occurs, but this is not excessive for such a large flower. The variety does best when grown inside and planted early.

\$2.25 for 25 **\$7.50** per 100 **\$65.00** per 1,000

WHITE MAYTIME. A pure white sport of Maytime, exactly like the parent except in color. The Maytime blossom is a beautifully formed flower, and in this rich, pure white is especially appealing. A productive commercial white.

\$2.25 for 25 **\$7.50** per 100 **\$65.00** per 1,000

Red Carnations

BARBARA FARR. A scarlet sport of Spectrum Supreme, the flowers being a trifle lighter in color, although over a large part of the season it is difficult to distinguish them. Production is better and less splitting occurs. In other respects the plants and flowers are the same as those of Spectrum Supreme. Of the two varieties, Barbara Farr is to be preferred.

\$2.25 for 25 **\$7.00** per 100 **\$60.00** per 1,000

KING CARDINAL (Patented). This is the loveliest shade of all of the red carnations, and the vivid scarlet blooms are in great demand. The flowers are medium to large with almost smooth petals. While the blooms are not very full centered, they are good keepers. The plants are large and extremely vigorous, and flowers are produced in better than average quantity. The stems are long and strong, and splitting almost never occurs.

\$3.75 for 25 **\$12.00** per 100 **\$100.00** per 1,000

SPECTRUM SUPREME. This old time favorite is still one of the most widely grown of the scarlet varieties. It is a heavy producer, its color is fine, the size of the bloom is good, and it is a splendid keeper. Plants are large, tall and vigorous.

\$1.80 for 25 **\$6.00** per 100 **\$50.00** per 1,000

Medium and Dark Pink Carnations

CARLOTTA. A dark pink variety introduced by the Department of Agriculture. The flowers are average size and are borne on stiff stems. Propagates easily and makes good plants in the field.

\$1.50 for 25 **\$5.00** per 100 **\$45.00** per 1,000

VIRGINIA (Rose or Dark Pink Virginia). A beautiful rose pink sport of Virginia which is identical to Virginia in every respect except color. This lively rose shade is proving more popular than the light pink of Virginia or the deep pink Ward shades. If Virginia does well with you, you cannot afford to pass up Dark Pink, or Rose Virginia.

\$2.50 for 25 **\$8.50** per 100 **\$75.00** per 1,000

DIRIGO. A new deep pink seedling. Similar to My Love in size, form and color. The plants are large and bushy with long stiff stems and firm calyces. Production is good, and the flowers keep well.

\$2.25 for 25 **\$7.50** per 100 **\$65.00** per 1,000

NEW DEAL WARD. The color is slightly deeper than Boston Ward, and the plants are more vigorous. Otherwise the characteristics are those of Ward. This is one of the most important dark pink varieties.

\$1.80 for 25 **\$6.00** per 100 **\$50.00** per 1,000

PETER FISHER. An outstanding variety in the medium or rose pink class. The flowers are of medium size, of good substance, and with deeply fringed petals. The stems are long and strong, calyces are firm, production is high, and the flowers keep to perfection. The plants are large and bushy, but run up quite tall. They are easy to grow, are vigorous and clean. Flowers are at their best during the Spring holiday season.

\$1.80 for 25 **\$6.00** per 100 **\$50.00** per 1,000

PINK TREASURE (Patented). A large flower of a medium pink shade. It resembles Patrician in form and substance, but has a longer stem and a firmer calyx. The blooms are full and rounded with fringed petals. While not as heavy a producer as Peter Fisher or Dark Pink Virginia, the flowers are much larger. A good keeper, and a profitable variety.

\$6.00 for 25 **\$20.00** per 100 **\$150.00** per 1,000

ROSALIE (Patented). The plants are large and clean, production is heavy and is uniform throughout the season. The flowers are of medium size, of Ward shade and keep perfectly.

\$6.00 for 25 **\$20.00** per 100 **\$150.00** per 1,000

VIVIAN. A widely-grown, bright, medium pink variety that makes good flowers very early in the fall. Makes good plants in the field and produces heavily.

\$1.50 for 25 **\$5.00** per 100 **\$45.00** per 1,000

HARDY CARNATION, SCARLET KING

A profuse blooming hardy Carnation which will flower outdoors in July, August and September, even in the hottest sun. Flowers are of good scarlet color, borne on 15-inch stems and measure up to 3 inches in diameter.

Rooted cuttings January delivery, \$3.25 for 50; \$6.00 per 100. Pot plants, 2 inch, March to June delivery, \$4.00 for 50; \$7.50 per 100.

Light Pink Carnations

BERKSHIRE HILLS. A light salmon pink a trifle deeper in color than Eleanor. It is a sport of Patrician. The plants and flowers are similar to Patrician.

\$1.80 for 25 \$6.00 per 100 \$50.00 per 1,000

ELEANOR. A fine light salmon pink with symmetrical blooms of medium size having high, full centers. Stems are long, production is good and the calyx is firm. Plants are very large and bushy.

\$1.80 for 25 \$6.00 per 100 \$50.00 per 1,000

GIANT LADDIE. A salmon pink sport of Laddie, with larger flowers, deeper color and more vigorous habits than the parent plant. It is a fair producer of show quality blooms, and is ideal for private estates or for growers with a select market.

\$2.70 for 25 \$9.00 per 100 \$80.00 per 1,000

MAYTIME. This variety is still one of the most profitable grown. Its shell pink blooms are beautifully formed and of good size. The stem is long and stiff. Plants grow very rapidly, and are tall and erect, allowing the variety to be planted closer than the average. Some splitting occurs at times, but production is so high that if all splits were thrown away, the number of salable flowers produced would still be greater than the entire production of the average variety. It is unsurpassed in keeping quality. The flowers maintain their size, color and keeping quality during hot Spring weather better than any other carnation in this color class.

\$2.25 for 25 \$7.00 per 100 \$60.00 per 1,000

RUTH HENGSTENBERG. A recently introduced light pink seedling similar in color to Virginia, but with larger, fuller flowers than those of Virginia. Plants are large and productive with long stems and firm calyces. For growers who experience difficulty with Virginia, this variety offers an excellent substitute. In fact many growers prefer it to Virginia.

\$1.80 for 25 \$6.00 per 100 \$50.00 per 1,000

VIRGINIA. Favorite light pink variety with many growers, and is probably more widely grown than any other variety of this color. The blooms are of Enchantress pink, are of medium size, have fringed petals, and are borne on stiff, straight stems of medium length. The calyx never splits. Production is better than average, good keeper and shipper.

\$1.80 for 25 \$6.00 per 100 \$50.00 per 1,000

Crimson Carnations

JOHNSON'S CRIMSON. Color is the same as that of Joyce and Woburn, but the variety is earlier and freer. Flowers are smaller, but higher production somewhat offsets this.

\$1.80 for 25 \$6.00 per 100 \$50.00 per 1,000

JOYCE. A fine new crimson or maroon seedling, larger and more productive than Woburn. The flowers are beautifully formed, and are fine keepers. The stem is long, and splitting is slight.

\$3.00 for 25 \$10.00 per 100 \$90.00 per 1,000

RIGOLETTO. The flowers are dark red or crimson and are average size. The stems are strong and the growth is rapid. A very good variety for boutonnières.

\$1.50 for 25 \$5.00 per 100 \$45.00 per 1,000

SETH PARKER (Patented). A bright crimson variety finding much favor with its unusual color and good growing habits. The color has enough red in it to cause it to brighten up under artificial light. The flowers are large and keep well.

\$6.00 for 25 \$20.00 per 100 \$150.00 per 1,000

WOBURN. This is still the most widely grown of the crimson carnations. Practically every flower is of top quality. Blooms are of good size, are full and well formed, and their keeping quality is excellent. There is never any splitting. The color is fashionable for boutonnières for evening wear.

\$2.25 for 25 \$7.00 per 100 \$60.00 per 1,000

Yellow Carnations

MAINE SUNSHINE. This is an old variety, but is still the only clear yellow carnation of commercial value. The flowers are of good size and are of a clear sulphur yellow. Stems are long, production is high, and the flowers are fine keepers. Splitting occurs, but is not serious.

\$2.25 for 25

\$7.00 per 100

\$60.00 per 1,000

MOONBEAM. Introduced by the Department of Agriculture, Washington, D. C. The flowers are good sized and clear yellow in color. Roots easily and makes a bushy plant. A good producer and shows promise of being widely grown.

\$2.50 for 25

\$8.00 per 100

\$75.00 per 1,000

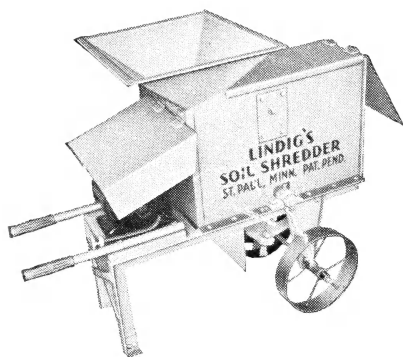

YELLOW GOLD (Patented). A clear yellow variety with good average size blooms borne on stiff stems.

\$3.75 for 25

\$12.00 per 100

\$100.00 per 1,000

LINDIG SOIL SHREDDER

In these days of scarcity of men and higher wages any labor saving device should be a boon to the average florist. With a Lindig Soil Shredder you can easily shred and pulverize three to four times the soil that can be screened by hand in the same time. The soil as it leaves the machine is of about the same consistency as soil put through a 1/2 inch screen; however, the soil is lighter than if it had been screened because the momentum of the beater drum creates a wind suction that blows the soil out and tends to fluff it. The machine is fool-proof, sturdily built and will keep two men busy throwing sod, soil, manure, peat or other material into the hopper.

SPECIFICATIONS:

SIZE NO. 1

Height, 36 inches. Length, 44 inches.
Feeding hopper size, 16x18 inches.
Beater drum, 8 1/2 inches wide with 4 rows of teeth.

Price: F. O. B. Chicago.

Without motor, \$82.00.

With 1/2 h.p. electric motor, \$107.00.

SIZE NO. 2

Height, 36 inches. Length, 44 inches.
Feeding hopper size, 16x20 inches.
Beater drum, 10 1/2 inches wide with 5 rows of teeth.

Price: F. O. B. Chicago.

Without motor, \$102.00.

With 3/4 h.p. electric motor, \$132.00.

Rubber tires \$10 extra on all machines.

Prices subject to change.
